Session Tips

What should I wear for my session?

Colours- I like solid colours, white, brown, grey black etc but if you love patterns....bring them!

Look for thin clingy, not necessarily tight clothing with a little bit of stretch

Trousers - Leggings in black or any colour jeans

Dresses - Look for dresses that cling to your shape, don't choose the loose comfortable style ones.

Tops - Men's big white button down shirts work well. Most cardigans and shirts which are front opening are good.

Swathes of fabric in bold solid colours can be great. Luxury scarves & sheer fabrics with a bit of sheen work beautifully.

Jewellery - Wedding and engagement rings....definatley! Small, classic timeless pieces like diamond or pearl studs are fab!

Feel free to bring any personal props.....the internet and pinterest are a great source of inspiration.

What to avoid

Sharp elastic that leave marks on your skin.
Baggy clothes - we need to see your beautiful bump
Large chunky jewellery

Remove tight fitting clothes 2 hrs before your session

For the men

Men should bring jeans or other dark trowsers, soft plain white t shirts....cotton or linen are lovely. Black crew neck t shirt.

Bring solid, dark colours and layer up. T shirts under jumpers or jackets are great.

Tea/coffee freely available

Bespoke
