11" x 14" Wall Panel	£75.00
12" x 16" Wall Panel	£95.00

For ALL sessions please bring your dogs favourite toy and some 'high value' treats.

Think about where you are hoping to place your image and discuss with us prior to the shoot the best backgrounds & any ideas you may have to compliment your home.

I prefer to shoot pets without a collar but love to use accessories such as bow ties. If you have a special collar or feel your pet looks odd without one, just let me know.

I generally carry dog treats so please let me know if you prefer to use your own. They need to be not too big or crunchy. Liver cake, chicken, cheese etc work the best.

Make sure your pet is looking their best! Give them a good bath a day or so before your session. Bring along a brush to keep them neat & tidy.

Practice your basic commands with dogs.....it helps.

Bring any props such as a cute bed, favourite teddy etc.

Relax and enjoy the session.....animals pick up on stress..

Studio sessions last approx 45 mins but can take much longer so please allow extra time.

If you are having a location session in your own home, or garden please ensure you have a tidy round before we start.
